Summary

I hold a Diploma II in Software Engineering from Universitas Indonesia and a Bachelor's Degree in Information Communication and Technology from Asia e University. During my studies, I focused on Web Development, Mobile Development, and UI/UX Design. I have gained hands-on experience in coding, project management, and IT support, which has strengthened both my technical and problem-solving skills. I am passionate about creating user-friendly digital solutions and continuously improving my capabilities in the tech field.
